TOGETHER We're Stronger

Welcome!

Inland Medical Associates is a group of highly skilled physicians focused on adult care - both male and female. Our caring providers specialize in internal medicine, infectious diseases, rheumatology, and osteopathic manipulative treatment.

We Listen to You

You can count on respectful, considerate and attentive care at Inland Medical Associates. We believe that we can best help you by listening first, then educating you about your options so you can make the best, most informed decisions.

Access to Specialty Care

If you need other specialty care while a patient with Inland Medical Associates, we have many resources to meet your needs. Our relationship with Inland Hospital and Eastern Maine Medical Center offers us access to highly trained physicians in many specialties, including: cardiology, pulmonology, endocrinology, orthopedics, oncology, pain management, gynecology, vascular care and more.

Be Involved to Get the Safest Healthcare

Inland Medical Associates wants you to know that being an active member of your healthcare team is your right and your responsibility. As part of Inland Hospital, we encourage you to speak up if you have questions or concerns about your care.

We want you to ask us questions, we want you to feel confident that errors are being prevented, and we want to help you be prepared for your medical treatment.

Our partnership is important because we know that when we work together, *your care will be safer.*
